

Nature of job, art backed up by science (comparison with Art historian)

Face/recognition, the limitation of words. most of what we learn we teach ourselves

Borders - defining borders in entities and ignoring borders in dysplasia/ differentiation

hermeneutic of suspicion, for concepts, towards clinical expectation, in microscopy

Virtue ethics (procrastination, arrogance, persistence, resilience in responding to mistakes)

JUNIORS, dangers of juniors

Psychology -easy to shoot from the hip as, regressing on becoming a consultant

We all need a Buddy, to show our rubbish to
